FIRST-OF-ITS-KIND IN MALAYSIA

A new era of home building is now being pioneered in Malaysia by SkyWorld with the nation's first PPVC method development. This innovative approach makes it possible to effortlessly build and finish home units in a controlled environment, resulting in a level of precision that ensures the home's durability for decades after its on-site assembly and quality inspection.

Penang's New Urban Frontier— The Transformation of Seberang Jaya

FROM SUBURBAN TOWN TO CENTRAL LANDMARK OF PENANG MAINLAND

From a quiet town, Seberang Jaya is emerging as a beacon of future growth, poised to become the heart of technology's next wave. As Penang solidifies its position as a global technology hub, SkyWorld is laying the foundation for a quality lifestyle, providing a home for those who envision a brighter future for their families.
